

# CHEMICAL MANAGEMENT SERIES

## MODULE III

(CONDUCTED IN MYANMAR LANGUAGE)

DURATION : 1 DAY WORKSHOP  
PARTICIPANTS : EHS MANAGERS , COC  
REPRESENTATIVES  
AND OTHER INVOLVED IN CHEMICAL MANAGEMENT  
CLASS SIZE : 30-40 PARTICIPANTS

### OVERVIEW

- Identify, differentiate between hazards, effects, and risks, as well as possible types of exposure, and impacts on workers' physical, health, and the environment. Understanding as a management information tool beyond your chemical warehouse requirements to prioritize actions for hazardous chemicals.

### Benefits

- Assessing and managing risks associated with chemical use ensures that potential dangers are minimized, protecting workers and the environment. Enhances record-keeping accuracy and reliability, supporting better decision-making and reporting.

### Workshop Contents

- Chemical Hazards, Risk and Exposure
- Chemical Inventory Management
